

Prog.	Description	U.M.	Quantity	Ref.
1	Sanpiero boat for lagoon navigation, with wooden structure, complete with Evinrude engine, engine stand, n. 2 fuel tanks, navigation accessories	body	1	1
2	3-axle boat trolley Magic Tilt, with dimensions not approved for road traffic	cad	1	2
3	Metal drum to be disposed of	body	1	3
4	Lot n. 14 used tires for disposal	body	1	4
5	Concrete bollard / round base	cad	6	5
6	Waste collection box	cad	3	6
7	Various type metal basket	cad	1	7
8	Various type metallic bench	cad	1	8
9	Metal shack in suboptimal conditions	cad	1	9
10	Lot of elements of furniture and furnishings and old appliances to be disposed of	body	1	10
11	Lot of wooden pallets in precarious conditions	body	1	11
12	Camera installed for video surveillance system	cad	2	12
13	Metal structure ashtray	cad	1	13
14	MG outdoor sign with support structure on the countryside level	body	1	14
15	External MG wall sign	body	1	15
16	Lot of heavy metal shelving elements (reticular uprights, crosspieces, shelf tiles, etc.) disassembled and piled up, apparently disused, consistency probably congruent to the realization of about 15 modules	body	1	16
17	Wheeled electric pump M.G. Service NICO / 02-G	cad	2	17
18	Various type metallic bench	cad	7	18
19	Medium capacity shelving module	modulo	4	19
20	Medium capacity shelving module	modulo	2	20
21	Light shelving module	modulo	3	21
22	Work counter with vice	cad	1	23
23	Wheeled electric pump M.G. Service NICO / 02-G	cad	1	25
24	Euronda electric air compressor with canopy	body	1	26
25	Equipment for loading / unloading powder extinguishers M.G. Service NICO / 03-6	cad	1	28
26	Manual wall groover Wurth MSF 180	cad	1	29
27	Alarm system with control unit and various sensors located in the office and warehouse areas	body	1	30
28	Work bench with vice	cad	2	31
29	Various type plastic / metal case	cad	6	32
30	Various type chest of drawers	cad	1	33
31	Electric vacuum cleaner with socket and conduit	body	1	34
32	Inclined footboard in light alloy	cad	1	35
33	Metal tank for extinguishing demonstration tests	cad	1	36
34	Stackable wooden staircase with 2 ramps	body	1	37
35	Engine-gearbox-wheel unit for Piaggio moped	body	1	38
36	Weighing scale dated	cad	1	39
37	Various type plastic drum	cad	9	40
38	1000 l tank with upper part removed (used as a dust container)	cad	1	41
39	Analog scale from an abandoned shop	cad	1	42
40	Portotecnica disused	cad	1	43
41	Metallic can 10/12 l	cad	2	44
42	Lot of decommissioned ceiling lights in suboptimal state, about 10 elements	body	1	45
43	Apparently self-built equipment for water test with Wagner pump	body	1	46
44	Metallic basket, various types	cad	2	47
45	Equipment for loading / unloading powder extinguishers disused	cad	1	48
46	Airbrush	cad	2	49
47	Various types of metal stem	cad	7	50
48	Small parts shelf	cad	1	51

Prog.	Description	U.M.	Quantity	Ref.
49	Tool trolley in poor condition	cad	1	52
50	Radio alarm clock	cad	1	53
51	Floor spotlight	cad	1	54
52	Tool panel in not optimal conditions	body	1	55
53	Plastic tool trolley, in not optimal conditions	cad	1	56
54	Catalytic gas heater with cylinder holder	cad	1	57
55	Old electro aspirator	cad	1	58
56	Parcel trolley	cad	1	59
57	Coffee table with obsolete grinder	cad	1	60
58	Light alloy bar	cad	1	61
59	Hose reel stand	cad	1	62
60	Wheeled base	cad	1	63
61	Discarded display shelf	cad	1	64
62	Wooden box	cad	1	65
63	Canon plotter discontinued	cad	1	66
64	Various types of wire mesh roll	rotolo	4	67
65	Lot of materials for electrical recovery systems, n. 2 cartons	body	1	68
66	Mailbox advertising recovery	cad	1	69
67	Rags bag 10 kg	cad	1	70
68	Small batch of consumables of various types, in part to be disposed of	body	1	71
69	Lot of flexible recovery pipes	body	1	72
